

# Make Your Competition See Red!

Reengineered for the fire control and fire suppression system industries, the ARCA RED is available in RAL3002 red, for when your products need to stand out from the background!

The ARCA RED non-metallic enclosure series provides users of traditional electrical junction boxes an easy upgrade path for a robust, high-performance solution. ARCA RED enclosures are available in standard JIC industry dimensions, with either screw or hinge cover design.

Fibox stocks the 14127 and 12106 for faster delivery. Contact your local Fibox representative for other available sizes and ordering details.

Polycarbonate:

UL Type 4, 4X, 6, 6P & 12

IP 67

IK 09

UV - Protected

The ARCA RED series ranges in size from 6.0" x 6.0" x 4.0" to 24.0" x 24.0" x 10.0" with matching red raised covers. Many sizes are available with raised transparent covers, and knock-out bases.

		Dimensions
6 x 6 x 4	10 x 8 x 6	18 x 16 x 10
8 x 6 x 5	10 x 10 x 6	20 x 16 x 8
8 x 8 x 4	12 x 10 x 6	24 x 20 x 8
10 x 8 x 4	14 x 12 x 7	24 x 24 x 10

Overlapping cover for strength and increased gasket protection

Molded continuous hinge features a compact profile, adding strength and rigidity

Wall fastening lugs included; optional mounting flanges

Opaque or transparent covers (Most sizes)
