DIGITAL PRINTING

As Unique as Your Business!

Fibox's digital printing provides an excellent opportunity to showcase your brand on any of our NEMA rated enclosures. With the ability to incorporate logos, taglines, and corporate colors; reinforce your brand identity and increase your marketplace recognition.

Say goodbye to peeling or crooked stickers. Our direct-to-substrate printing solution enables you to create visually appealing enclosures that align with your design preferences. Fibox will bring your visions to life, whether it's a sleek and modern look or a bold and vibrant design.

Unlike traditional labeling methods, our digital printing requires minimal maintenance.

Fibox's digital printing lets you incorporate your company's logo and important information, such as safety instructions, warnings, and QR codes directly onto the enclosure, ensuring clear visibility every time.
